note: The following information concerns the Communist Government in Manchuria previously reported as the "Provisional Supreme Administration for Democratic Manchuria" and as the Communist "Joint Administration of the Northeast Provinces". In the original material from which this report is taken it is called the "Northeast Allied Government Administrative Commission", the "Communist United Administration Committee for the Northeast", or the "Joint Administrative Office of the Northeast". The bulk of the information which follows came to us from three separate sources, two reporting through Tientsin and one through Shanghai. The similarity of the information, as well as the fact that all three reports are set up in exactly the same way, with the paragraphing, etc., makes it appear that they are taken from the same generally-circulated document. Beyond differences in nomenclature such as "Chairman" in one report appearing as "Chief" or "Commissioner" in the others, there are no differences except as shown. It should be noted that some of the differences may be miswritings of Chinese characters. The letter in parentheses refers to the document in which a change is noted. Document A is taken as basic. Comments have been added from a translation made in Peiping of a Communist newspaper, the Shansi-Chahar-Hopei Daily News of 19 August 1946. The articles quoted are from the New China News Agency service and are datelined Harbin. (References to this publication will be marked D.) Notes have been made also of any previous information we have on the person. The three versions of the original document are:

Source	Date of information
A. From the Dairen Daily News	30 September 1946
B. From the Communist Central Hopei Branch of the New China News Agency	27 September 1946
C. From the Shanghai Communist Political Defense Bureau	10 October 1946
